Dear Sir:

Re: File No. 8695, Reg. No. 14094.

Received your statement of May 30th the other day and I was quite surprised to see that you have sold my property without any notice whatever. As to my point of view, I did not want to part with my farm property as it took 30 years to make what it is today. I was very disappointed as you sold the property at half the valuation. Please let me know to whom you have sold the farm.

I had my furniture and household goods stored in the room and many farm machinery and tools kept the the barn. I miss so many things out here, that I would like to get a permit to go to Haney and straighten everything out.

Please let me know by return mail as to my permit to Haney.

Yours very truly,

(signed) "K. OIKE"
