Dear Sir:

Regarding to file No. 3315. It is with very deep disappointment that I have learned from your letter to-day that our property of 129 - 10th Street, New Westminster, B. C. have been sold.

I am only writing to inquire about our furnitures which we had stored in one room of the house. It's value is well over five hundred dollars and nothing is mentioned in the sale statement. We like to know just what happened to it.

Hoping to receive your most kind attention and consideration. I remain.

Yours truly
