We have just received your letter a few days ago that  
the above property is in course of sale.

Besides \$4000.00 is too low a price for the above  
property, we have not any intention of selling our property. One  
reason is that we still have quite a few personal things left on  
it and also the other Japanese evacuees have theirs left in their  
houses on our property.

In reply to your last letter, we want to warn you that  
you have not our permission to sell the above property, whatever  
the directions issued from Ottawa.

Yours very truly,
