Dear Sir:

Received your cheque and statement of sale of Property which is known as 1662 Second Avenue West. I thank you. You have stated in your letter there wasn't any content of the house when check the place. But I definitely left my content in the house when I left there, mostly furniture and valuable garage tools, gardening equipment and so forth. I would like you to check over the place again. It might be tenant occupying now is using all this things.

Those contents belong to me not to my brother, Hatsuki Murakami.
