Dear Sir:

I received my estate list which you sent me. When I recieved my list I found out that my estate was sold without notice.

From last June my wife Yae Kawai got heart sickness and could not write about this to you. She cannot get up yet. I am suffering in spiritual and economical ways. I cannot write a detailed letter now but I will write later. I am not satisfied in the way it was sold without notice and also the price.

Yours truly,

(I. KAWAI)
